

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 1: CLEANERS & DEGREASERS**

Item # 100-CEB1C

**CITRUS ENGINE BRITE®**

Orange Citrus Scent engine cleaner & detailer. Powerful degreasing solvents that quickly and easily remove the toughest grease, dirt and grime.

Item # 100-EB1C

**ENGINE BRITE®**

Canada's #1 engine degreaser! Heavy duty cleaning formula is packed with powerful degreasing solvents that quickly and easily remove the toughest grease, dirt and grime.

Item # 100-EBGELC

**ENGINE BRITE® GEL HEAVY DUTY ENGINE DEGREASER**

Fast-acting, highly effective, gel formula sprays on and stays on until the job's done! Safely removes grease, dirt, and grime from engines.

Item # 100-M4814C

**CARB MEDIC**

Cleans carburetor, choke linkage and manifold heat controls. Will not harm catalytic converters or oxygen sensors. Cleans carburetors without removal from engine.

Item # 100-AM720C

**BRAKE CLEANER**

Environmentally responsible brake cleaner quickly removes and flushes away surface contaminants from brake and C.V. joint assemblies. It cleans instantly and can be applied without disassembling the brake unit. It leaves no residue and helps stop disc brakes squeal and "chatter".

Item # 100-M705C

**BRAKE CLEANER NON CHLORINATED**

Quickly dissolves and flushes away surface contaminants such as brake fluid, oil, and grease from brake linings, drums, other brake parts and CV joint assemblies. It cleans instantly and can be applied without disassembling the brake unit.

Item # 100-M1017

**ORANGE MECHANIX HAND CLEANER WITH PUMICE**

Orange Mechanix is made with the natural cleaning oils found in an orange. Exclusive skin conditioners and moisturizers are used in the making of Orange Mechanix.

Item # 100-BTC4C

**BATTERY TERMINAL CLEANER**

Cleans battery terminals, connectors, battery tray and holder bolts and brackets by neutralizing acid corrosion. Ensures a good contact between the battery post and connector.

Item # 100-M4712C

**INTAKE MEDIC AIR INTAKE CLEANER**

Scientifically formulated for modern fuel injected engines. This product is needed to maintain the efficient operation of the air intake components; throttle valve body, butterfly and idle intake control valves.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 2: LUBRICANTS & PENETRANTS**

Item # 100-L112C

**LIQUID WRENCH®  
SUPER PENETRANT**

A versatile, multi-use penetrant for use by mechanics and do-it-yourselfers for disassembly of corroded pipe joints, rusted bolts and machinery, painted or gummed up metal mechanisms. Also used to clean typewriters, guns, and sports equipment. Loosens rust & corrosion almost instantly. Contains no silicone.

Item # 100-L212C

**LIQUID WRENCH®  
SUPER LUBRICANT**

Frees rusted parts and helps stop corrosion on nuts, bolts, screws, fasteners, chains, cables and linkages, valves and fittings, lawn mowers and automobile engines. Displaces water from wet surfaces and leaves a rust inhibiting film. It dries out engines, spark plugs, coils, switches and wiring. Harmless to fabrics, plastic, leather. Similar product to WD40, CRC and LPS. Contains no silicone.

Item # 100-L312C

**LIQUID WRENCH®  
NON FLAMMABLE**

Convenient aerosol applicator and spray tube for precision application. Fast penetrating solvents frees rusted and frozen bolts and parts. Rust inhibitor protects metal parts from corrosion. PTFE increases lubricity.

Item # 100-L412C

**L4 LIQUID WRENCH  
FOAMING PENETRANT  
& LUBRICANT**

Unique foaming action. Cleans, penetrates and lubricates. This product provides superior corrosion protection

Item # 100-L512C

**LIQUID WRENCH®  
DRY LUBE WITH PTFE**

Long Lasting dry lubricant film. Superior lubricity with no oily residue. This formula will not collect dust.

Item # 100-L616C

**WHITE LITHIUM  
GREASE**

Reduces friction between metal to metal or metal to plastic applications. Use on hinges, locks, doorstop latches and striker plates, speedometer cables, brake cables, distributor cams, battery terminals, etc. Aerosol sprays on as a liquid, and then sets up as lubricating grease that will not melt, run, wash off or freeze. Protects against rust and corrosion

Item # 100-L716

**GUNK INDUSTRIAL  
CHAIN LUBE WITH  
MOLY**

A superior heavy-duty lubricant formulated for chains, cables and wherever extreme pressure/temperature occur. Can easily be applied by spraying on surfaces. Contains small particles of molybdenum disulfide (MOLY) which provide reduced friction lubrication.

Item # 100-L301

**LOCK DE-ICER**

Non-aerosol applicator. Frees frozen locks quickly

Item # 100-L1004C

**SUPER OIL**

1001 uses around the home and shop. Lubricates and protects metal parts against wear and corrosion. Lubricates electric motors, locks, sewing machines etc.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 2: LUBRICANTS & PENETRANTS CONTINUED**

Item # 100-L908C

**SQUEAL MEDIC CALIPER GREASE**

Prevent caliper seizing silences caliper noise. Works to 270C

Item # 100-M914C

**HEAVY DUTY SILICONE LUBRICANT**

Stops squeaks, rust and corrosion. Excellent mold release. Brightens rubber, vinyl and leather. Protects aluminum and chrome from pitting. Lubricates locks, striker plates, hinges, mowers, drapery rods, nylon slides, bicycles, windows, zippers, etc. No chlorinated solvents.

Item # 100-BGS1

**GUNK DRY GRAPHITE**

Use as a lubricant and parting compound on engines, pumps, business machines, etc, wherever heat and friction are a problem. Contains no oils or moisture-based diluents: is inert to water, oils and alkalis. Effective from -37° C to +537° C.

Item # 100-SUL2C, SUL3C

**SULFLO FORMULATED FOR HAND THREADING**

Solder Seal Light Cutting Oil is a high grade sulfured-chlorinated base oil that helps cut clean, sharp threads on steel and brass pipes. Helps dissipate heat, prevents tool lock up, prevents heat build up, and helps retard corrosion on newly threaded parts. Also helps prevent the chips from welding to the edge of the cutting tool.

Item # 100-SUD3C

**SULFLO FORMULATED FOR HIGH SPEED MACHINES**

Solder Seal Light Cutting Oil is a high grade sulfured-chlorinated base oil that helps cut clean, sharp threads on steel and brass pipes. Helps dissipate heat, prevents tool lock up, prevents heat build up, and helps retard corrosion on newly threaded parts. Also helps prevent the chips from welding to the edge of the cutting tool.

**SUB-SECTION 3: FUEL SYSTEM**

Item # 100-M481C

**GUNK CARB MEDIC**

Cleans carburetor, choke linkage and manifold heat controls. Will not harm catalytic converters or oxygen sensors. Cleans carburetors without removal from engine.

Item # 100-M4712C

**INTAKE MEDIC AIR INTAKE CLEANER**

Scientifically formulated for modern fuel injected engines. This product is needed to maintain the efficient operation of the air intake components; throttle valve body, butterfly and idle intake control valves.

Item # 100-MAS7C

**MASS AIR FLOW SENSOR CLEANER**

Helps improve performance and fuel economy. Fast drying with no residue. Dissolves grease, dirt & flux. Improves air to fuel ratio.

Item # 100-M4816C

**CARB MEDIC**

Cleans and removes gums, varnish and other deposits to restore carburetor and fuel injector efficiency while driving. Reduces knock, ping, and run-on. Smooths rough idling and hesitation.

Item # 100-M4912C

**INJECTOR CLEANER**

Helps avoid costly repair or replacement of fuel injectors. As a preventive maintenance, to restore fuel economy and power lost through deposit buildup, which alters injector spray pattern and flow properties. Also cleans up exhaust emissions, which may have resulted from inefficient combustion due to clogged injectors.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 3: FUEL SYSTEM CONTINUED**

Item # 100-M5012C

**LEAD SUBSTITUTE**

Allows older engines designed for use with "leaded" gasoline to run safely with low lead or unleaded fuels when used as directed. Protects against valve and valve seat damage in engines with "soft" valves by coating parts with a protective film designed to prevent valve recession.

Item # 100-M5112C

**OCTANE PLUS**

Removes deposits, which tend to cause engine's octane requirements to rise. The most efficient product currently being sold for cleaning fuel injectors in both gasoline and diesel engines. Restores spray pattern to that of new injectors allowing more efficient engine operation.

Item # 100-M5212C

**INJECTOR PLUS**

A specially formulated high strength cleaner that safely removes injector system deposits on foreign and domestic gasoline and diesel engines. Cleans in only one treatment. Dissolves accumulated deposits, quickly, restoring lost power and improving performance.

Item # 100-M5312C

**FUEL STABILIZER**

For storage and everyday use in all two and four cycle engines. Keeps stored fuel fresh. Prevents formation of gum, varnish and rust in fuel system. Contributes to quick engine start up after storage. Cleans and conditions entire fuel system.

Item # 100-M5512C

**EXHAUST MEDIC**

A highly concentrated formulation designed to reduce carbon monoxide, hydrocarbons and nitrogen oxide emissions. It will effectively treat the entire fuel system including fuel tanks and lines, intake valves, combustion chambers, fuel injectors, exhaust system and catalysis.

Item # 100-M2412C

**DIESEL-TONE FUEL INJECTOR CLEANER**

Compounded to improve the performance characteristics of diesel fuel. The results are perceived with improved engine performance, clean injectors and reduced exhaust particulate emissions.

Item # 100-G2-06

**GASOLINE ANTI-FREEZE**

Prevents fuel lines from freezing and insures easy starting in extremely cold weather. Universal grade formula contains special ingredient to make its use safe for Fuel Injected engines. Contains additives to protect injectors from corrosion.

Item # 100-MSUV16C

**CONCENTRATED FUEL SYSTEM CLEANER**

For vehicles with larger fuel tanks. 1 bottle treats 130 L. Reduces stalling and emissions. Cleans injectors and valves, pistons and combustion chambers.

Item # 100-M6732C

**DIESEL MILEMAX MILEAGE IMPROVER**

Cleans Injectors  
Reduces Emissions  
Improves Fuel Economy

Item # 100-M6932C

**DIESEL FUEL ANTI-GEL AND CONDITIONER**

Prevents Gelling  
Lowers Pour Point to -40 °

Item # 100-M7132C

**SUMMER FORMULA DIESEL FUEL CONDITIONER**

Gunk Diesel Fuel Conditioner is designed to provide lubricity while improving performance and decreasing emissions. Works in all diesel engines.

Item # 100-M7232C

**WINTER FORMULA DIESEL FUEL CONDITIONER & ANTI-GEL**

Designed to provide lubricity improve performance and prevent fuel gelling in cold weather. Lowers gelling up to 15C below base fuel. Reduces emissions, absorbs water.

Item # 100-M7532C

**DIESEL FUEL DE-GEL**

Dissolves Gelled Diesel Fuel in 15 Minutes! For low or high sulfur diesel fuel Does not contain methanol Easy to use, no ash build-up.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 4: OIL ADDITIVES**

Item # 100-MF2C

**GUNK MOTOR FLUSH**

A blend of sludge dissolving solvents which can be added to an engine a few minutes before an oil change to flush out deposits and free valves and rings. Can be easily used by car owners or professional technicians just before oil changes. Works in all gas or diesel engines.

Item # 100-MFD2C

**DIESEL/TURBO MOTOR FLUSH**

Safe for Turbo-Charged Gas & Diesel Engines. Synthetic Motor Flush cleans engines in 5 minutes

Item # 100-M1616C

**BEARIN' SEAL**

Stops minor oil leaks in front and rear main bearing seals, head gaskets and timing chain covers. Will not harm engine parts. Starts sealing action immediately. Functions by impregnating and swelling gasket material which will in turn, stop minor leaks created by wear and overheating. Mixes well with all regular and synthetic motor oils.

Item # 100-M1815C

**MOTOR MEDIC OIL TREATMENT**

Use in engines to enhance the characteristics of the motor oil, i.e. lower pour point and lessened friction. Motor Medic reduces thinning of oil at operating temperatures. This in turn will reduce oil consumption and exhaust smoking in older cars and reduce wear in newer cars.

Item # 100-M2115C

**ENGINE STOP LEAK**

Add to crankcase oil in all automotive and heavy-duty equipment engines, gas or diesel. Use to seal pan gaskets, valve cover gaskets, timing gear covers, front and rear main bearings and all other engine oil seals.

Item # 100-M3712C

**VALVE-MEDIC®**

A scientific blend of solvents compounded to free up noisy valve lifters by dissolving varnish and gum deposits resulting from city traffic and short trips. One or two containers of Valve-Medic® added to crankcase oil will generally free-up sticking valves and or valve lifters.

Item # 100-M5714C

**STOP SMOKIN' OIL ADDITIVE**

Use in gasoline and diesel engines to enhance the characteristics of the motor oil, i.e. lower pour point and lessened friction. Keeps oil thicker at operating temperatures. This in turn will reduce oil consumption and exhaust smoking in older cars and reduces wear.

**SUB-SECTION 5: COOLING SYSTEM**

Item # 100-C1412C

**10 MINUTE FLUSH**

Used as a fast-acting radiator flush to remove scale, scum and rust from cooling systems when changing coolant or as a periodic cleaner. Does not require a neutralizer. Contains no acids. Cleans scum, rust and scale deposits from cooling system in ten minutes.

Item # 100-C2124C

**SUPER RADIATOR FLUSH**

Unclogs and cleans cooling systems easily and efficiently. Works where other products fail. Contains only mild organic acids. Safe for use on aluminum as well as all other metals found in today's cooling systems. An economical way to flush your cooling system.

Item # 100-C2016C

**SUPER RADIATOR SEALER**

Seals radiator leaks quickly without clogging system. Exclusive free-flowing non-clogging formula, seals larger leaks where others fail. Contains a rust inhibitor to retard formation of rust or corrosion. Harmless to all metals, hoses, gaskets or any part of the cooling system.

Item # 100-C1012C

**ANTI-RUST & WATER PUMP LUBE**

A water soluble oil lubricant with corrosion inhibitors compounded to lubricate and protect metals in automotive cooling systems. Penetrates all working parts of the water pump. Constant lubrication prevents seals from deterioration. Keeps entire cooling system cleaner and free from dirt. Reduces foaming which increases heat transfer and inhibits evaporation of coolant.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 5: COOLING SYSTEM CONTINUED**

Item # 100-C312C

**LIQUID RADIATOR REPAIR**

Stops leaks in radiators and prevents new leaks from developing. Works in water or anti-freeze solutions. Draining and flushing upon addition is not necessary, unless system is extremely corroded or dirty. Contains rust inhibitor. Will not harm metal, rubber hoses, gaskets, or any part of the cooling system. For use on cars, tractors or small trucks. Larger vehicles may require 2 cans. Non-clogging, free flowing. Guaranteed to work when used as directed.

Item # 100-C616C

**BLOCK SEAL - LIQUID**

Repairs cracked engine blocks, cylinder heads, valve parts, water jackets. For all water-cooled engines. A specially compounded engine block and cylinder head repair designed to form a rugged temperature-resistant bond.

Item # 100-C501C, C501V

**SOLDER SEAL TOP LEAK - POWDER**

Stops leaks in radiators instantly and prevents new leaks from developing. Works in both water and anti-freeze solutions. Draining and flushing before application is not necessary, unless system is extremely corroded or dirty. Contains rust inhibitor. Will not harm metal, rubber hoses, gaskets, or any part of the cooling system when used as directed. For use on car, tractor, or small trucks. Works in both water and anti-freeze solutions. Although sold as a temporary repair, often seals leaks permanently. Will prevent new leaks from developing.

**SUB-SECTION 6: FUNCTIONAL FLUIDS**

Item # 100-M4312C

**SUPER HEAVY DUTY BRAKE FLUID**

A high-quality, high boiling point, (over 2300C) brake fluid designed for vehicles with disc or drum brakes, and wherever a DOT 3 fluid is recommended, in both domestic and foreign vehicles. Meets or exceeds Canadian Motor Vehicle Safety Standard #116, Society of Automotive Engineers Standard J1703 Meets GM, Ford, and Chrysler OEM standards.

Item # 100-M4512C

**SUPER HEAVY DUTY BRAKE FLUID DOT 4**

A high-quality, high boiling point, DOT 4 brake fluid designed for vehicles with disc or drum brakes. Used for heavy-duty equipment and recommended by several manufacturers of automotive, brake, and farm equipment.

Item # 100-M4011C

**SILICONE BRAKE FLUID DOT 5**

Meets or exceeds Dot 5 specs.500F dry boiling point. Prevents system corrosion.

Item # 100-M4112C

**CLUTCH FLUID**

Hydraulic Clutch Fluid meets OEM specs. Makes shifting easier. Increases clutch life.

Item # 100-M705C

**SQUEAL MEDIC**

Squeal Medic is a brake finishing treatment designed to eliminate brake noise when applied to drums or rotors. Squeal Medic does not change the pedal feel or modify the break-in properties of the linings and prevent oxidation of drums and rotors. Squeal Medic does not affect braking performance.

Item # 100-M2832

**AIR BRAKE ANTI-FREEZE**

An anti-freeze designed to prevent freezing of water, and corrosion to metals in lines of heavy duty air brake systems. Contains effective corrosion inhibitors and conditioners to protect metals in air brake systems. Also contains a rubber lubricant to keep seals and diaphragm soft and pliable.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 6: FUNCTIONAL FLUIDS CONTINUED**

Item # 100-M1512C

**TRANSEAL**

This product is added to automatic transmissions to swell seals and provide additional high-pressure lubrication. This product should aid in stopping transmission leaks, noise and minimize wear. Designed to swell seals and provide additional high pressure lubrication. Non-corrosive, clogging or foaming.

Item # 100-M3612C

**TRANS-MEDIC**

Compounded to reduce friction in automatic transmissions and to replenish depleted ATF additives. Eliminates transmission slippage, unnecessary downshifting and excessive gear whine. Helps to smooth rough shifting and sluggish action.

Item # 100-M1432C

**TRANS-FUSION**

To stop and prevent leaks in automatic transmissions by controlled softening of seals. Mixes with ATF and will not injure any parts. Helps reduce or eliminate noise, grinding and slippage. Helps to "revive" sluggish transmissions. Ideal for use during fluid and filter changes.

Item # 100-M1712C

**STEER-SEAL**

This product is added to standard powersteering fluid to swell seals and provide additional high-pressure lubrication. This product will help stop leaks and minimize noise and squealing in power steering units.

Item # 100-M1410TFC

**SYNTHETIC TRANSMISSION FLUSH**

Cleans and removes deposits. Prepares transmission for new fluid.

Item # 100-M1410TSC

**SYNTHETIC TRANS-MEDIC SHIFT IMPROVER**

Improves shifting and eliminates shudder. Reduces heat and wear. Compatible with all OEM ATF Fluids.

Item # 100-M2716C

**POWER STEERING FLUID**

A power steering fluid designed for vehicles requiring this specific type of fluid for proper operation of power steering systems. Meets service requirements of GM, Ford, and Chrysler.

Item # 100-M2712SC

**SYNTHETIC POWER STEERING FLUID**

Meets most European and Japanese OEM specifications. Suitable for power steering, central hydraulic systems, level control, hydro-pneumatic systems, shock damping and more. Suitable for both hot and cold operating conditions (-40C to +130C)

Item # 100-M2714H

**HONDA POWER STEERING FLUID**

A non-corrosive fluid that has been specifically formulated to meet the requirements of Honda and Acura vehicles. Solder Seal Gunk Power Steering Fluid For Honda Vehicles has been blended with detergent additives, anti-foaming agents and an anti-wear additive to provide the best protection possible.

**SUB-SECTION 7: APPEARANCE PRODUCTS**

Item # 100-TG1C & TG2C

**TOP GUN! CONCENTRATED CLEANER TG1C & TG2C**

Multi-purpose liquid cleaner for nearly all hard and most soft surfaces. Cleans car mirrors, bumpers, heel marks on vinyl, beverage stains on seats, road tar, steering wheels, chrome plated parts, trunk tops ridges, headlights and recesses, wire wheels, etc. Excellent for RV's, fiberglass hulls, golf carts, walls, showers, counter tops, stainless steel sinks, tiles, appliances and other washable surfaces. Excellent for cleaning reusable filters in home and commercial kitchen exhaust systems. Also effective on whitewall tires.

Item # 100-MPC22C

**FOAMING CARPET AND UPHOLSTERY CLEANER**

Deep Cleans: Carpets, Fabric, Vinyl and Leather. Formulated to remove spills and stains such as grease, coffee, soft-drinks, dirt and grime.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 7: APPEARANCE PRODUCTS CONTINUED**

Item # 100-FTS21C

**TIRE SHINE**

Easy to use, just spray and let Tire Shine do the rest. No need to wipe. Lasting shine. Beautifies and protects

Item # 100-FWC22C

**FOAMING RIM CLEANER**

Formulated to remove dirt, grime and brake dust from wheels, rims and hub caps. Scrubbing foam action cleans quickly. Safe on all Wheels

Item # 100-GC1

**FOAMING GLASS CLEANER**

A multi-purpose spray; cleans windshields and all glass windows, mirrors, appliances, chrome, stainless steel, aluminum, porcelain and ceramic tile.

Item # 100-TR1C

**GUNK TAR & BUG REMOVER**

Dissolves road tar, loosens bug deposits, and removes tree sap and other stains from auto finishes and metal surfaces. Formulated to evaporate slowly and not run off.

Item # 100-BUG33C

**BUG REMOVER WITH WAX**

Removes dried-on bug splatter, tree sap, grease and oil. Clear coat safe. Leaves a glossy protective barrier.

Item # 100-CS33C

**CARPET & UPHOLSTERY CLEANER**

Removes spots - cleans deep. Kills carpet smells. Ideal for cars, trucks & RV's

Item # 100-DEOD33C

**AUTO DEODORIZER**

For cloth interiors. Kills odours and inside smell. Leaves a fresh scent.

Item # 100-GOB33C

**ORANGE GUNK ALL-PURPOSE CLEANER**

Orange Gunk All-Purpose Cleaner. Cleans grease, grime and dirt on contact. Leaves pleasant citrus fragrance.

Item # 100-VW5C

**CAR & TRUCK WASH**

Deep cleans dirt and grime. Safe on all finishes. Won't remove wax.

**SUB-SECTION 8: SEALANTS AND SPECIALTY**

Item # 100-M406C

**ACRA-SEAL PLASTIC SPRAY IGNITION SEALER**

Moisture proofs and seals surfaces in home, auto, boat, shop and industry.

Item # 100-M1306C

**WIRE DRYER AEROSOL**

Dries wet ignition systems. Prevents reoccurrence of wetting. Leaves distributor, wires and coil weatherproofed.

Item # 100-M208C

**STOP SLIP BELT DRESSING**

Designed to provide lubricity improve performance and prevent fuel gelling in cold weather. Lowers gelling up to 15C below base fuel. Reduces emissions, absorbs water.

Item # 100-BTP4C

**BATTERY TERMINAL PROTECTOR**

Provides a special coating when sprayed on battery terminals and holder hardware. Prevents battery acid corrosion on the terminals. Ensures maximum starting current. Ensures maximum charging current from the alternator to the battery. Reduces battery maintenance when used with GUNK Battery Terminal Cleaner to prevent acid corrosion.

**LUBRICANTS & CLEANERS SECTION 1 - GUNK**

**SUB-SECTION 8: WINTER PRODUCTS**

Item # 100-M1306C

**WIRE DRYER AEROSOL**

Dries wet ignition systems. Prevents reoccurrence of wetting. Leaves distributor, wires and coil weatherproofed.

Item # 100-M3911C

**LIQUID FIRE STARTING FLUID**

Produce quick, smooth starting of gasoline and diesel engines under extreme cold conditions down to -53° C. Contains at least 60% of Diethyl Ether. Saves battery and ignition during cold weather. Contains upper cylinder lubricant and corrosion inhibitors.

Item # 100-M3512C

**INSTANT STARTING FLUID**

To promote quick starting of gasoline and diesel engines under extreme cold conditions.

Item # 100-M406C

**ACRA-SEAL PLASTIC SPRAY IGNITION SEALER**

Moisture proofs and seals surfaces in home, auto, boat, shop and industry.

Item # 100-M2832

**AIR BRAKE ANTI-FREEZE**

An anti-freeze designed to prevent freezing of water, and corrosion to metals in lines of heavy duty air brake systems.

Item # 100-G2-06

**GAS LINE ANTI-FREEZE**

Prevents fuel lines from freezing and insures easy starting in extremely cold weather. Universal grade formula contains special ingredient to make its use safe for Fuel Injected engines. Contains additives to protect injectors from corrosion.

Item # 100-M2412C

**DIESEL-TONE FUEL INJECTOR CLEANER**

Compounded to improve the performance characteristics of diesel fuel. The results are perceived with improved engine performance, clean injectors and reduced exhaust particulate emissions.

Item # 100-M6732C

**DIESEL MILEMAX MILEAGE IMPROVER**

Cleans Injectors Reduces Emissions Improves Fuel Economy

Item # 100-M6932C

**DIESEL FUEL ANTI-GEL AND CONDITIONER**

Prevents Gelling \* Lowers Pour Point to -40

Item # 100-M7132C

**SUMMER FORMULA DIESEL FUEL CONDITIONER**

Gunk Diesel Fuel Conditioner is designed to provide lubricity while improving performance and decreasing emissions. Works in all diesel engines.

Item # 100-M7232C

**WINTER FORMULA DIESEL FUEL CONDITIONER & ANTI-GEL**

Designed to provide lubricity improve performance and prevent fuel gelling in cold weather. Lowers gelling up to 15C below base fuel. Reduces emissions, absorbs water.

Item # 100-M7532C

**DIESEL FUEL DE-GEL**

Dissolves Gelled Diesel Fuel in 15 Minutes! For low or high sulfur diesel fuel. Does not contain methanol. Easy to use, no ash build-up.
